Frontend Developer with 1+ years of experience in building dynamic, highly responsive web applications using React.js, TypeScript, and modern tools like Redux, Material UI, and Tailwind CSS. Skilled in performance optimization and cross-functional collaboration. Passionate about creating user-friendly interfaces and eager to grow in a forward-thinking team.

Education

Helwan University

September 2019 - June 2023

Bachelor's degree in Computer Science (GPA: 3.02 / 4.00)

Cairo, Helwan

- **Relevant Coursework:** React.js , Data Structures and Algorithms , Problem Solving, SOLID Principles, Object Oriented Programming (OOP)

Experience

Freelance Frontend Developer

Aug 2024 - Present

Self-Employed

- Developed and delivered custom web applications for clients using React, TypeScript, and Tailwind CSS, ensuring responsive and user-friendly designs.
- Collaborated directly with clients to gather requirements, provide technical solutions, and deliver projects on time and within scope.
- Optimized website performance through code splitting, lazy loading, and caching techniques, improving load times and user experience.
- Integrated RESTful APIs for seamless data fetching and state management, ensuring smooth functionality across applications.
- Maintained and updated existing client projects, ensuring compatibility with modern browsers and devices.

Vzadi

Mar 2023 - Aug 2024

Junior Frontend Developer

- Currently React Developer experienced in building dynamic web applications with React.
- I bring valuable experience in building dynamic web applications.
- Collaborated with designers and backend developers to deliver user-friendly, cross-browser-compatible UIs using Material UI and Tailwind CSS.
- My focus on delivering high-quality code is complemented by a commitment to staying updated with the latest tech trends, driving continuous improvement in my work.
- Note:The company ceased operations in April 2024.

IRSAA Company

Aug 2023 - Nov 2023

Frontend Developer (Contract)

- Contributed to the development of two projects utilizing React.js and Next.js.
- Played a key role in building the "Referee" website and "Referee" panel, focusing on functionality and user experience.
- Implemented responsive design and optimized components for performance across various devices and browsers.
- Utilized React, Next.js, TypeScript, React Query, React Tanstack Table, and Tailwind CSS, to deliver high-quality solutions.

Technical Skills

Programming Languages: JavaScript (ES6+), TypeScript, HTML5, CSS3.

Frontend Frameworks & Libraries: React.js, Next.js.

UI Libraries & Styling: Material UI, Tailwind CSS, Bootstrap, SASS/SCSS.

State Management: React Query, Context API, Redux (Redux Toolkit).

Backend Integration: RESTful APIs, Stripe (Payment Integration), Sanity (Headless CMS).

Development Tools: ESLint, Git, GitHub, Figma.

Web Development Techniques: Highly Responsive Web Design, RESTful API Integration, Cross-Browser Compatibility, Performance Optimization (Lazy Loading, Code Splitting, Caching), Accessibility (a11y) Best Practices.
